CADPAC DESIGN BUILT ITS REPUTATION ON INTERNATIONAL DESIGN & FITOUT PROJECTS
CADPAC'S TEAM ARE A CROSS POLLINATION OF NEW ZEALAND & UK PROFESSIONALS

Drawing upon more than 35 years of success in New Zealand, Dubai, Macau, Hong Kong & more recently the Philippines, Cadpac Design Group includes a comprehensive portfolio of expertise from concept design, space planning & engineering to interior fit-out & civil works, bespoke joinery works & furniture manufacture (FF&E) & mechanical, electrical & plumbing works. (MEPF)

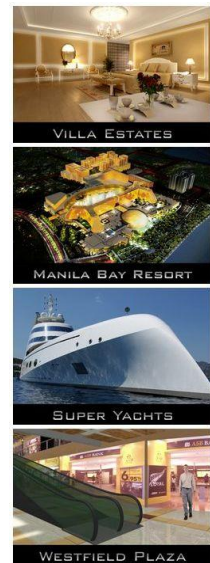

Cadpac Design combines an international mix of talented influences successfully drawing upon many decades of combined experience in Interior Design & specialist fit-out works around the globe. The team is comprised of seasoned professionals having been front & center of many Hotel & Casino builds as well as major hotel refurbishment projects

CADPAC HAS WORKED WITH MANY LEADING HOSPITALITY BRANDS INCLUDING:

- Intercontinental Hotels Group (IHG)
- Starwood Hotels and Resorts
- Galaxy Entertainment Group
- JW Marriott
- The Ritz Carlton
- Tiger Resorts

TYPICAL CUSTOMER GROUPS WITHIN CADPAC DESIGN'S CLIENT BASE INCLUDE:

- Hotels and Resort Complexes
- Offices, Fit-outs, Relocations or Refurbishment
- Retail Shops and Commercial Spaces
- Exhibitions, Prototypes, Displays
- Food and Beverage Outlets

Our collaborative approach works best when we are involved in a project from the outset. This ensures that our team is involved in a creative dialogue in which ideas & solutions are clearly explained & understood so we are able make specific & valuable contributions throughout the planning & construction phase of your project.

CADPAC HAS BEEN INVOLVED IN ICONIC PROJECTS THROUGHOUT THE MIDDLE EAST INCLUDING:

- Atlantis Water Park
- Grand Excelsior Hotel, Dubai
- Holiday Inn Bur Dubai
- Sheraton Deira Hotel, Dubai
- Super Yacht "SF99", Dubai
- Crowne Plaza, Dubai

Cadpac Design is a true international company & part of a wider professional group comprised of a collection of specialists offering unique skill sets & tailored services. The real strength of the cadpac network is being connected to highly qualified professionals from all disciplines associated with the construction & fitout industries & knowing when & where to include them.

cadpac plans all projects with sustainability in mind sourcing ecologically sound solutions for not only materials but also for the entire construction and fabrication processes. When a project is well planned and robust it also requires contractors to be well attuned and synchronized for a rapid execution on any fast-paced project.

By utilizing lean manufacturing techniques such as fully integrated quality control with the use of BIM technology with intelligent modeling enabled by cloud platforming. Only then can the most efficient pre-fabrication and installation program can be achieved

Cadpac Design has its own group of Architects, Designers, CAD engineers, 3D modelers, Project & Construction Managers, Furniture & Joinery Shops, MEPF Engineers & Civil Engineers with the connectivity & expertise to expedite all requirements our corporate & private clients.
